

RECYCLING GUIDE

At the **Savona Campus**, recycling stations are located both inside and outside the buildings. The bins are for **NON-RECYCLABLE WASTE**, **PLASTIC AND METALS**, **PAPER** and **GLASS**. The bins for glass collection are located outdoors and near the vending machines.

ORGANIC waste collection is available exclusively in the **residential buildings**. In the rest of the Campus, small food scraps may be disposed of in the **NON-RECYCLABLE WASTE** bins.

Additionally, collection points for **BATTERIES** and **TONER** are located at the entrances of the Delfino, Lagorio, Marchi, Branca, and Locatelli buildings, in the lobby of the Great Halls (*Aule Magne*), and in the Library.

Large cardboard boxes must be folded and placed in the designated rack at the waste station located on the driveway running alongside the Delfino building.

<i>Waste</i>	<i>Collection</i>
A	
Adhesive labels	■ NON-RECYCLABLE WASTE
Adhesive tape / Scotch	■ NON-RECYCLABLE WASTE
Advertising flyers	■ PAPER
Aluminum and steel jars	■ PLASTIC AND METALS
